Welcome and Introductions:

Samantha Bandy introduced herself as the new FWRC Coordinator. She started off with the icebreaker of “If you had a personal theme song, what would it be?”

Presentation:

The council went on to discuss the FWRC membership protocols and the FY26 Impact Report. The Impact Report highlights the strategic goals met during the year. It is like the Grammys for ROSC. While going through protocols, members asked questions about making sub-committees for ROSC. They also discussed ways to identify use in family members, especially elder ones. They ended the meeting discussing what everyone was planning for September, which is recovery month. Many organizations plan on partnering with each other in some way to promote recovery and reduce stigma during August (Overdose Prevention month) and September.
